I am so thankful to the Almighty God for giving me a wonderful family that loves to serve God anywhere and at all times. I am praising the Lord for my family because they are always ready to serve God. They are always happy when it is to go to either church or soul winning.

Our church is also growing both spiritually and physically. I get excited every time I watch the people our church has trained to witness. Our church is doing everything possible to help our people to grow in the Lord. I have started teaching the people in the church who do not know how to read so that they can also read God's Word for themselves. I began giving out the audio Bible in the local language to those who cannot read to help them hear the Word of God. Peter Acheamong this morning on our way to soul winning testified how that the audio Bible has been a great blessing to him. I said all this to say our church is working hard to build God's kingdom with the people He has given to us. Also, our church is going to start a Bible Institute soon and we already have nine people signed up from the church.

Pray that God will open doors for us to start the Institute.

Pray that God will give us about six thousand cedis to be able to complete our church building. Rain has been entering the church and sometimes disrupts church services because it has neither doors nor windows.

My family has suffered a lot in the house we are currently renting. There has never been peace since we moved into that house. Our rent is due in October and we want you to be in prayer for us that God's will be done concerning housing.
