Thank God for CORE missions support to my ministry at Foase. This support has released me from many things on my family finances. My personal ministry praises are that I have started three new home Bible studies in Foase. We are preparing to start a school ministry to win more students for Christ. There is a plan to have three crusades in three places to win more souls. Effective soul winning is going on around the area where our new building is located in order to win more souls. Monica is a recent convert now in my church. I met her through a member of our church named Felicia. I went to her house with Evans; we witnessed to her, and she got saved. She came to church the following Sunday and started to go through our discipleship lesson series. Thank God! One of the exciting things that is happening in our church is the new building that is being built for our future services. Because of our building, many people are promising to join our church after its completion. Around August, we are hoping to move from the classroom to our building. Pray for our building completion and our moving celebration. Pray for my daughter to be healed; she has been sick recently. Pray for more people to be saved in Foase. Pray for our new ministry at Nkrang. Pray for Monica and Evans to be faithful.
