Our God be praised at all times. Over the past couple of years, we have been operating without electricity except occasionally when our neighbors are able to accommodate us. Most of the times they are without. We have finally been blessed with a generator in which will greatly improve the efficiency of our service. We have been blessed with a roof over our heads and it shows that God is still in control. This is obviously not by our might. We glorify our Father as we move into a new phase with our church. We can now start making preparations for evening services as we continue to be an intricate part in God's kingdom building. We thank you, our dears sponsors for your prayers and support as we continue to promote the Gospel in our area and where the spirit leads. We bless God for all His saints and all the hands involved in the inner workings to make CORE a success. May God continue to bless you all
