Beloved brothers, we are very happy for what God allowed us to do in our recent trip to Ecuador. As you know, from April 25 to May 15, we went on our reconnaissance trip with the family. God provided each of our needs thanks to generous churches and brothers. On this trip, we had the opportunity to see the reality of different cities and the great need that there is for Christ. We were in the city of Guayaquil, which has a population of more than 2 million people. There we were able to visit 5 churches where I also shared the Word of God. By being in that city we could see that God was confirming our call. We also went to the capital of Ecuador, Quito, located eight hours from Guayaquil. What caught our attention in this city is that it is very catholic and devoted to different saints. Here we could not visit churches since we did not have contacts. Then we were in Santo Domingo, about 4 hours from Quito. We had the blessing of staying with Pastor Guillermo Zaruma, who also gave us much more clarity regarding the ministry in Ecuador. It also led us to know different works and pastors that helped us to have a broader vision of everything we need to know about ministry and family. Thanks to this trip we could see the need for churches and a seminary so that men could plant more churches and more families go to the mission field. We were also able to make a family budget and know how much we need to live and do the ministry in Ecuador. We also thank God, because we have 2 new churches that have joined our support team.
