It is a privilege for us to greet you with a new mind and to thank you for all your prayers and support. This month of August was a very special month since it was the birth of our daughter. My wife had some complications for delivery. But thankfully all went well. My wife was in the hospital for three days and after that we were able to go home. We are very happy that our little girl is already at home with us. My wife is recovering a little from the operation. We are very grateful for all the warmth we have received from our church of Hope Baptist Church and the brothers who could make an offering for us. This August we continue with the discipleship of the Haitian brothers, where we have been able to advance in the different doctrines in that discipleship. Around 7 Haitians are coming. A couple in the church made the decision to be able to marry and to fix their situation. They are from Columbia and they have much desire of being able to advance in the Lord. Also a person contacted us and asked could we share with her and her grandson Felipe who had been in the church for 14 years and had never made a decision for Christ. In this opportunity we were able to present the gospel. It is already two Sundays that we have been able to visit. We are very happy because we are praying for the commune of Lampa and God is opening doors. Also this month we have taken visits in the sector. We are praying for our community, we are praying that God may be bringing people to repentance. We are also distributing tracts by different places of the commune. We know that God gives us different means to reach the people of our commune. Also this month we are visiting the parents of Mariela. My wife has been a lot of blessing for us and was teaching a Sunday morning and also with the Haitian brothers. On Sunday three were in church. We are very happy with your visit and to be able to meet a new daughter. Also in September we will begin with the seminary's attention in our church, making the two classes so that our church can be built and strengthened by the word of God Prayer requests • For the Haitian ministry and a brother among them that can come to teach • By the visits that came to know the Church • By the classes of the seminar that will begin in September • For the salvation of the family
