We continue daily to advance in the work of the Lord. I am very pleased with what God has allowed us to do this month. We continue to see the power of God in the lives of each of the brothers in our Church.

New members: This month two new families were added to the our church. One is a family that came to the church from a Pentecostal background. They had an understanding of the Bible, but were not saved. They also arrived with many marital problems. Thank God they accepted Christ as Savior and are now in discipleship. They became members of the church and thus taking a big step in their faith. The other family that became members are a Colombian couple that came to our Church a year ago, but hadn't joined the church. This month they began to take more interest in the church, got baptized and started discipleship. God is doing great things in their lives. This family are invited one of their family members who is a famous person on television in Chile. He is taking discipleship and is also attending our Church. God is blessing this Church with more and more people for his glory. We are very happy to see how God is adding people.

Evangelism: We continue to knock doors and share the gospel to more people. This month we focused on a new neighborhood where a person came for the first time. We are praying that the brothers can join to go out and evangelize.
