Exchange rate to 1 USD:

2. How many people were presented the Gospel to through your ministry? 240

3. How many people trusted Christ through your ministry? 2

Letter to sponsor. Please include any personal or ministry praises, any special prayer requests, as well as any advances in your ministry.

We were doing some activities this month. We started with evangelism. We began to distribute tracts to our communities by knocking on doors and inviting people personally. Each brother is going out to evangelize and share the faith with his friends and neighbors. We also had men's activities. Every meeting has been a blessing for our churches. We wish that men can grow in their spiritual life and that God can use them for His glory. The ladies also had the opportunity to spend time together sharing a great organized retreat for the Esperanza Baptist Church. Without a doubt, it was very uplifting. Leadership Training: As you know, our church is a new church, but God has blessed us in a great way. Some time ago we were praying to have some deacon in our church and finally God showed us the right person for this position. His name is Hernan. He is a great servant. He is a man with a good testimony, who loves God. In the month of January, we will present the idea of membership to the church. Then we will be going through discipleship. We are very excited for what God is doing in the life of Brother Hernán. Seminary: On Monday we continue with the seminar in our church. We are currently doing two classes. We are praying that more brothers can take these courses. Haitian Ministry: As you know our church has a Haitian ministry. On Sunday we have three services. The Spanish group and then the Haitian group, they can sing in their language and hear the Word in their language. We were always praying that God would raise one of them to be able to preach in their language and God has blessed us with Josner a young Haitian who received Christ in our church. I have been through basic discipleship with him and he has been faithful to the ministry. Now he is taking more advanced classes to be able to teach in some future.
