Dear Friends,

I write this letter to recommend Nate Beil. Nathan was born in our church and went all the way through our Christian school and then on to Bible college. He was one of the most tenderhearted young men during his youth. He was one we expected to give his heart to missions at some point in his life. He has provided for his family financially: he has always had a job, has been faithful with his finances, and has kept a good testimony. He has always been faithful to church and ministry involvement. He has been involved in helping to start a church recently and has continued to provide for the financial needs of his own family while investing his extra time in the establishment of a new church. Nate and Tara are both steady Christians who have been exemplary throughout their Christian lives. I would be happy to have a couple like this on our staff. We, of course, will be supporting them and encouraging them in their endeavors. If you have any questions in regards to Nate, please feel free to give me a call.

Sincerely,

A handwritten signature in black ink that reads "Pastor Bruce Goddard". The signature is written in a cursive style.
