Cumming, GA 30040

March 22, 2018

Dear Fellow Pastor,

Thank you for considering the Beil family as a part of your mission goals. I, along with the other members of our board, am excited to see them serve throughout Latin America. Nate has proven to have a heart for seeing churches planted here in the United State and now this burden has been broadened.

He and Tara both come from strong Christian families. They have known the sacrifice of living by the gospel. I am encouraged by the devotion of this young family. So often, when children have grown up in homes of full time Christian servants, they choose another path/profession. I think it is because they have witnessed the other side of the fence, they understand the hardships of the "fish bowl." This couple has chosen to stay in "the bowl." They have chosen to stay on the front line. I admire this type of courage, fore it is rare.

Nate and Tara are trained, committed, and eager to be used. I hope you will help this young couple stay the course. They believe in the cause of Christ. We at CORE, and on behalf of Greater Heights Baptist Church, are grateful for the opportunity to partner with them.

Sincerely Yours, Securely Christ's,

A handwritten signature in black ink, appearing to read "Chris Grinstead".
