Dear Missions Partner, I wish above all things while writing this letter is that you might have a good health and bountiful blessings! This past month has been unforgettable to us. On April 22, I officially started pastoring 2 churches. Its not an easy task nor I planned to do it. But I know that God had something to do about this. I have to travel back and forth from end to end of the island to be able to minister and oversee the ministry. Im seriously praying that God would send a missionary to this island. Its really really sad that up until today the laborers are still few. I am very busy this month trying to juggle some schedules. I just praise God for the young people, young men that are there to help and assist me. These young men are serious about serving God. Please pray that a year from now, we will be able to open our Bible College. We have really promising Young Men that has to finished Grade 12.(Our school copied the US style) Once they finish that they will come to Bible College. This will be a great opportunity to train young men for the Glory of God! On April 26, I celebrated my 33rd birthday. I was happy but I was more sad. Because during this time both my wife and kids couldn't give me a hug or kiss because I was having a chicken pox.. I was quarantined for 2 weeks and weren't able to do anything. Besides, if I go out, people will avoid me. So I just stayed at home for 2 weeks. But right now, mt daughter has chicken pox as well. Please pray for her as well. This past week also we were able to conduct our Part II of VBS where there are 87 kids were able to gather and be ministered to by God's Word! I want you to know, that although I haven't met you yet, we are praying for you!! Your sacrifices and investments in the ministry here in Bohol is not wasted. I'm sure that one day, some Boholanos (People of Bohol) will shake your hand and thank you for investing here so they can be saved. Please pray the following important needs!

1. Reliable vehicle for traveling regularly.
2. LCD projector and laptop.
3. New motorcycle for visitation of remote villages

Grateful, The Suico Family
