Matthew 25:21 And his Lord said unto him, "Well done, good and faithful servant, thou hast been faithful over a few things, I will make thee ruler over many things." The teachings of the Lord are wonderful in the parables, this one in particular I have always liked because it shows the goodness and at the same time the justice of God. That is important since at this time people think that there will be no consequences for their decisions. It is sad that even we believers sometimes live that way. I and my house are grateful for the support that you offer us, but also for your prayers to the Lord to allow us to be effective in sharing the gospel and winning souls. Glory be to our God because it allows us to participate together in the harvest. I share that I was invited by Pastor Santos López to share a soul-winning training in his church with 29 brothers. We went to schools and the street to share the gospel. More than 100 people were saved and 4 brothers won their first soul for Christ. Pastor Porfirio Mejía also invited me to preach in his men's conference. It was a tremendous blessing to see more than 150 men from different churches every night making decisions and taking on the challenge of being men according to the heart of God. I also started to get worse from a pain in my back that affects my left arm. I visited several doctors and I did several tests. They gave me around 10 different pain killers but none of them calmed the pain, so they sent me to the regional hospital to do an MRI. I had an appointment with a Neurosurgeon and he discovered that I have 3 cervical hernias, scoliosis (deviation of the spine) and I was born with two vertebrae that do not have a disc in the middle. The three medical findings cause the terrible pain I already had for 4 months. Until now there is only one injection that calms my pain for a day or two but it is very expensive and I can not buy it often. I am sure that God has control, so I thank you in advance for your prayers so that the Lord will give me his grace. This was a particularly difficult month because everyone in the house got sick, my wife and children had coughs and allergies due to the change in climate. Since we did not have medical insurance, our support was impaired. As we continue serving, God used the offering sent by a church to supply what was needed. We also celebrated the anniversary with (our second church founded) El Calvario Baptist Church in the city of Toyos. About 8 people were saved, and the brothers took new strength to continue serving the Lord. In this church there is a group of 7 brothers learning from discipleship for soul-winning training and they are already accompanying me every week to share with others their faith in Christ. They enjoy seeing people receiving the gift of eternal life. In addition, in the first church that God allowed us to found in the city of Tela, we continued to train 10 brothers on how to share their faith and every week we went out to look for the lost to tell them about Jesus Christ who can save them. We do it house by house with them. Our current needs are the following: We need to repair the car because we travel to the two churches that we are starting (in San Juan Pueblo and Toyos) to win souls for Christ, share discipleship and have the services in those places. For the church in Tela, Atlantida so that more brothers accompany us to visit and win souls every week. For the work in Toyos, Yoro to build health services and rooms for Sunday school. For the work in San Juan Pueblo, for a piece of land and the construction of a temple, since now we rent a house to have the services. Pray please for more churches to commit to support us financially, because we need to do the work with more freedom.
