We thank God that this month we were able to prepare all the teachers who will work in our Vacation Bible School. Our goal is to reach up to 70 children during the next week. The VBS will be in August. Our goal is also that each of these children receive a clear presentation of the gospel. Pray that many of those children will be saved.

In the Church we are teaching about spiritual gifts. Many are realizing that God will one day ask them to tell how they have used their gifts, and if they have used them with love, to serve Him. There are many members who are starting to get involved thanks to those teachings. We also thank God because every Sunday we have been able to feed the children who are coming and also the elderly. Hunger is huge here. We ask for your prayers so that God will continue to provide for us and that we are able to continue serving Him.

Prayer Requests:

1. Brothers, I ask you to pray for us. We live far from where we serve and we cannot find a house to rent near the church. The rent has gone up and has become very expensive. And I do not have much transportation. I want to live with my people and be able to minister to them daily.

2.- I pray that God gives us two cellphones for me and my wife. We need new ones because ours are no longer working.

3. I ask for prayers for new land near the church so I could build a small house where I can live. Transportation is scarce and people have to move around in trucks without any seats. It's becoming very dangerous. I did not think it's safe that my wife and I could go in one of these, but we're doing it to get around. Thank God and thank you for remembering us.
